Mr. Raymond W. Howard

Founder - Lucky Line Products, Inc.
April 17, 1926 - April 26, 2007

He died as he lived - with great courage, serenity, integrity, and gratitude.

Born and raised in Berkeley, CA Ray maintained friendships with his childhood friends by regularly traveling to different destinations worldwide for reunions. Prior to graduating from college, he served in the US Navy where he attended pre-flight training at St. Mary's College. Ray studied mechanical engineering and business at UC Berkeley, and graduated in 1948 with a Bachelor of Arts degree in Economics. He was a member of Beta Theta Pi during his college years and supported the fraternity for many years.

He began his sales career selling Eveready® batteries and flashlights to hardware stores in the San Joaquin Valley. In 1951 Ray and his new wife relocated to Los Angeles, where Ray worked in several sales positions with increasing responsibilities for Air Reduction Company (AIRCO), division of The Union Carbide Company.

In 1961 he purchased Lucky Charm Mfg. Co., a producer of one key tag (No. 101) supplied to car dealerships throughout the country. He changed the name of the company to Lucky Line Products, Inc. and developed, patented and sold innovative and well recognized products that are used by millions of people today throughout the world. With his leadership, the company became the most respected manufacturer and merchandiser of key chains.

Active in Rotary for the past 40 years, Ray was President of the La Jolla Club in 1971 and then attended meetings in Coronado while he resided there, and for years after. He was proud to help establish the skate park in Coronado, a place for the youth of his community.

He embraced the principles of the Rotarian 4-Way Test.
His actions reflected these guidelines every day:

Of the things we think, say or do:

- ***Is it the truth?***
- ***Is it fair to all concerned?***
- ***Will it build goodwill and better friendships?***
- ***Will it be beneficial to all concerned?***

Ray lived a wonderful and rich life, affecting hundreds of people at work and in his personal life. He emanated passion, courage, wisdom and peace that touched many. He valued the importance of relationships, and though he was a tough businessman, he was fair and honest to the core. His values are evident in the tremendous loyalty he has engendered from employees, customers and suppliers.

Ray was a dedicated husband, father, grandfather and friend. He enjoyed dancing and learned to tap dance in his early 70's. He also practiced the art of Chinese watercolor. Ray was an avid traveler and enjoyed skiing and diving at many of the world's destinations with his children and second wife of 5 years, Helen. In 2005, at the age of 79, Ray hosted his children and grandchildren in Honduras to scuba dive for a week. The adventure was his grandchildren's introduction to one of his many passions. It was one of countless ways he shared his enjoyment of life with others.
